Worked-example retry · Attempt part a only.

Sky Team is a group of 19 airlines, including Delta Airlines, KLM, Air France and China Airlines that share operating facilities and cooperate when setting flight routes. This allows more choice for passengers. Vietnam Airlines is a small airline that became a member of Sky Team in 2010. It was the first Southeast Asian airline to join Sky Team and has become more well-known to air passengers as a result of the group's advertising campaigns.

(b) With reference to the data above and your knowledge of economics, analyse how a smaller airline may benefit from internal economies of scale by joining a group such as Sky Team.
