Practice workbook · Draw a sector pie chart for a country

Drawing and labelling approximate primary, secondary and tertiary slices on a blank pie chart for a named type of economy.

4 question parts: 1 worked-example retry and 3 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.

The first question is a retry of the website worked example, without its solution. Check your answers online with 'Check my answer', or ask your teacher for the answer booklet.

1. Question 3 · part c · 3 marks

2021 JUN · Paper 01

Worked-example retry · Attempt part c only.

3 (a) Which **one** of the following factors may cause a shift of the demand curve?

(1)

- ☒ **A** Costs of production
- ☒ **B** Demographic changes
- ☒ **C** Subsidies
- ☒ **D** Changes in price

(b) Which **one** of the following is an example of an external cost?

(1)

- ☒ **A** Healthcare
- ☒ **B** Litter
- ☒ **C** Rent
- ☒ **D** Weather

(c) On the blank pie chart below, draw and label the appropriate sizes of the primary (P), secondary (S) and tertiary (T) sectors for a developing economy such as Haiti.
