Practice workbook · Rising and falling currencies: effects on trade and the current account

Market-driven (appreciation/depreciation) versus government-set (revaluation/devaluation) changes in a currency, reading a change from quoted rates, and the effects on export and import prices, demand for exports and imports, and the current account.

17 question parts: 1 worked-example retry and 16 further practice parts.
Name: _____ Class: _____ Date: _____

Practise one question type at a time. Attempt the part inside the red boundary; the rest of the question and any figures are kept for context. Write your working in the answer space.

The first question is a retry of the website worked example, without its solution. Check your answers online with 'Check my answer', or ask your teacher for the answer booklet.
